

Town Centre Seafront

This scheme is another phase of Bridlington's regeneration plans and includes works to Garrison Square to be carried out as part of the Bridlington Quay Townscape Heritage project.

The scheme covers the seafront running northwards from Garrison Square up to East Riding Leisure Bridlington.

Exciting designs for the re-landscaping of Bridlington seafront were presented recently at a public exhibition at Bridlington Spa. The exhibition display boards can be downloaded from [here](#).
